Intro:

Verse 1

Where can I flee?
Your presence is all around me
There's not a single place You can't reside
Where can I hide?

Verse 2

Where can I flee from Your Spirit?
I find the darkest place on earth, You fill it
'Cause darkness is not dark to You
What can I do?

Chorus

Search me and know my heart
Try me and know my thoughts
And whatever flaws You see
Lead me to Your lasting peace

Verse 3

You see my past
My lying down and my going out
There's not a single surprise that You've found
'Cause You know every word before I speak

Bridge:

Search me and know my heart (Oh's)
