

Loved [Lyrics]

[Default Arrangement]

It's gonna be all right
It's gonna be ok
It's a cold dark night
But we'll find the day

Know that you're loved

And when the world starts to blur
And your soul gets heavy
And when you're at your worst
And the ground is unsteady

Know that you're loved

No matter what may come your way
You don't have to be afraid
No matter what you're fighting through
H e'll be there, holding you
No matter the sorrow, no matter how tough
Today and tomorrow, know that your loved...
