

On And On [Lyrics, 68 bpm, 4/4]

[Fresh Life Worship] by Kevin Paul Guido

Intro: - - - - -

VERSE 1

I can't see
The dark is blinding me
I can't breathe
The air is failing me
I don't have the strength
To walk another step

VERSE 2

These legs cannot carry me
These fists are betraying me
How can I get through this
And not be overcome?

PRE-CHORUS

Still (There) You reach Your hand to me
Your whisper ever-sweet
Inviting me to know
To come and see the wonder of
A hope that goes beyond
All that I can see

CHORUS 1

When these lungs cannot breathe
Still Your love goes on and on
When my voice cannot sing
Still Your love goes on and on

TAG

Still Your love goes on
Still Your love goes on
Still Your love goes on
And on and on

VERSE 3

On the hill I see a flicker of
A rising light, a brooding hope for hurt
And here I'm on my knees
Begging You to move

PRE-CHORUS

CHORUS 2

When there's nothing left of me
Still Your love goes on and on
When Your heart is all I see
Still Your love goes on and on
