

Child of the King [Lyrics, 72 bpm, 4/4]

[Fresh Life Worship]

V1:

I don't have to put on a show for You
I don't have to fight to be loved by You
I don't have to wait for Your full attention
I don't have to wonder if You are listening

Chorus 1:

I only need to trust that You mean what You say
I only need to tell You, "in me have Your way"
I only need to give You the pieces I hold onto
That I was never meant to keep
Cause I'm a child of the King

V2:

You will never change the depth of this love
You will never turn away your children
You will never hold back your forgiveness
You will never break a single promise

Chorus 2:

I only need to trust that You mean what You say
I only need to tell You, "in me have Your way"
I only need to give You the pieces I hold onto
I was never meant to keep
You don't hesitate to find me where I'm at my worst
You meet me in the middle where I'm insecure
You only need to tell me who You see when You look at me
I'm a child of the King
