## Verse

You cannot forget the reason  
For the holes in Your hands  
You cannot forget the hour  
You were led like a lamb

## Chorus

My name is on Your palms  
Stretched out open wide for me  
Loved me all along  
Bind my wandering heart to thee  
Jesus, hold me

## Verse 2

You cannot forget the moment  
When I called out your name  
Each and every day and hour  
I will call it out again

## Chorus

## Bridge

You've reaching out to me the whole time  
You've been calling out to me the whole time  
You've been running after me the whole time  
Now I'm running back to you

## Chorus
