

# Fear Not [Lyrics, 4/4]

[Fresh Life Worship] by Shayla Smith, Solomon Ray, Leon Gregory, Dillon Deitz

## VERSE

You're calling me to trust You with my whole heart  
All I am surrendered here  
Oh Your grace and mercy found me in the dark  
Hands with holes brought me near  
There is not a wasteland where You can't bring fountains  
Always reaping joy from tears  
I know that You are faithful, help my unbelief  
Help me give the wind my fear

## CHORUS

Let the faint rise up tall  
And stand in Your liberty  
Let the weak say I'm strong  
'Cuz Your Spirit is alive in me  
Let the broken and lost  
Find power in Your victory  
Nothing's impossible with You  
Nothing's impossible  
With You

## BRIDGE

Take heart  
Fear not  
I know  
He's made a way  
Take heart  
Fear not  
The cross  
Has made a way
