

Concrete [Lyrics, 77 bpm, 4/4]

[Fresh Life Worship] by Shayla Smith, Chris Quilala, Levi Lusko, Solomon Ray, Kevin Guido,...

INTRO:

VERSE 1

Though mountains surround me
They bow down before You
When darkness is blinding
It hides nothing from You
Though my heart may fail me
My soul will remember

PRE-CHORUS

That You set a table before me
I'm seated in heaven
I'll feast on Your goodness and mercy
Forever, my portion

CHORUS

Our Rock, our Hope
The only sure foundation
Our one defense
You cannot be shaken
We trust in You
In every situation
Our God You will never fail
Our God You will never fail

VERSE 2

Our eyes are upon You
For You are the Helper
We cling to Your kindness
For You are the shelter
If ever I wander
Let my soul remember

PRE-CHORUS

CHORUS

BRIDGE INSTRUMENTAL:

BRIDGE

There in the fire
Peace in the chaos
You lead us through it all
You go before us
Always beside us
You're never letting go
Your Word is concrete
Your love is steadfast
Your promises are sure
Jesus, our Savior
Jesus, our Anchor

Concrete -

Now and forevermore
