

# Valor [Lyrics, 116 bpm, 4/4]

[Fresh Life Worship] by Shayla Smith and Solomon Ray

## Chorus

You speak my heart is on fire  
There's nothing better than Your words  
You fill my heart with desire  
I want to know You, I want to know You

## Verse

Yeah You stirred me to life  
There was no one but You and me  
I was brought to the light  
And Your hand had a hold on me

I couldn't be the same  
If I wanted to  
You animate my veins  
All that You touch is new

## Chorus

You speak my heart is on fire  
There's nothing better than Your words  
You fill my heart with desire  
I want to know You, I want to know You

You draw me out of the shadows  
My life is filled with Your colors  
You light my path with Your valor  
I want to know You, I want to know You

## Bridge (Chorus Chords)

To know You more  
This is what You made me for
