

Mountains [Lyrics, 112 bpm, 4/4]

[Default Arrangement] by Fresh Life Worship

Intro: -

Verse1

You unleashed Your light to illuminate through the thickest void
Deep into the night, using only love, there You forged the stars

Verse2

So why do I still doubt? When the rock and earth tower overhead?
My trouble and my sin are spreading ever upwards over me (But I know)

Chorus

You can move the mountains in my heart -
You can silence oceans
Overthrow the darkness, for I know
You can move the mountains

Intro

Verse2

Chorus x2

Bridge -

I might not understand, the ways of Your perfect plan
You guide and help me through, my doubts in what You can do
When I'm trapped between the waves, Desperate and in need of grace
Faithful to lead me on, Jesus You can pull me through (cuz)

Chorus x2
